Re: 2020-2021 School Year

Dear Mr. Vaz

We would like to thank Washington Unified School District for giving Fresno Produce, Inc. the opportunity to supply your fresh fruits and vegetables for 2020-2021 school year.

Washington Unified School District has submitted a letter of intent to rollover the bid from the year 2018-2019, which has been approved.

Price adjustments can be made with "Act of God clause". In this case, Fresno Produce will notify the Food Service Dept. and the Food Service Dept. will have the option to change and choose a more cost-efficient solution.

Thank you again.

Sincerely,

Kathryn Gilliland
Food Safety Coordinator
Fresno Produce Co., Inc.

Re: 20-21 CVBG Rollover

Dear Marina Navarro,

Thank you for allowing Sysco Central California the opportunity to bid on **20-21 CVBG Rollover** for the period of **07/01/20 to 06/30/21**. We have included our Customer Copy with additional information regarding items that have had price changes, Yellow for items that have decreased in price and Orange for items that have increased. Once you review and accept the changes, please let us know and we will implement accordingly.

We have included on the customer copy additional varieties and cost-effective alternatives for you to consider.

If items on bid have guaranteed pricing that expires before the end of bid term, the expiration date will be noted. New bid pricing for these items will be provided after we have received the renewals from the suppliers. Notification by letter will be sent with new cost and effective dates.

In addition, the following criteria may apply:

- - Items bid without a manufacturer's price guarantee.
- MARKET - Items bid as Market will change up or down with the commodity market; however, the margin used is guaranteed through bid term. The items identified on the enclosed bid documents reflect the MARKET price on the date of document completion.
- P – Produce items are guaranteed by calendar month.
- **ECOLAB**- Please reach out to your local Ecolab Representative for your contract pricing on all items marked as "**ECOLAB**" on your customer copy.

Written notification of price change will be provided for "*" and "P" items.

Please note that some items may be bid as special order. These items will require a three-week lead time to process.

Sysco reserves the right to adjust the pricing on any and all items with a 30-day prior written notification to the customer, defined as a change of more than five percent (5%) of the then-current cost.

To assure pricing and accuracy, Sysco Central California requires at least two-week notification for pricing implementation and inventory level adjustments. Only Sysco awarded items will be entered into our pricing system, and items not awarded Sysco may not be available at the bid price.

If you have any questions, please feel free to contact your Sysco Representative or Summer B. Knight, Bid Manager at (209) 527-7700.

Sincerely,

Summer Knight

Additional Food Safety Guidelines

Chemicals

Please treat chemical returns with extra attention. Federal HAZMAT and OSHA regulations prohibit the transport of open-container chemicals, or chemical products not in the original packaging. Open/damaged chemical products or not in original packaging are non returnable.

A Sysco representative must inspect all chemical returns for damage and/or leakage before a pick up and return order can be processed

Will Call

Refrigerated & frozen products can only be refused/returned at time of pick up. These items are not returnable once they have been signed for and are out of Sysco's control.

Standing Order

A standing order is a pre-arranged process and agreement to always ship a defined product and quantity on every order, repetitive.

Special Order (Non-Stock) Items

Special order items are products that we do not stock that were ordered especially for you. Because they can't be resold, they are not returnable except when damaged or of inferior quality at the time of delivery.

Drop Shipments

Drop shipments are sent directly to you from our suppliers. Contact your Sysco representative about any unacceptable items within 48 hours of delivery.

Auto-Ship

Auto-ships a pre-arranged process and one-time agreement (customer) to ship a defined product and quantity on a defined ship date.

Restocking

Any exceptions to these return guidelines may result in denial of credit or may be subject to a 20% restocking fee.

Customer Credits & Returns

How this policy helps our customers

Sysco's approach to credits & returns remains simple and aimed at absolute customer satisfaction while ensuring a food safe supply chain. In order to maintain the highest levels of consumer food safety, we ask for your partnership in complying with this Customer Credit and Returns Policy. By working together, we can maintain the food safety and integrity of our supply chain.

Sysco Delivery Associates will return and credit any product that you do not accept at the time of delivery. Checking in your order also provides you with an opportunity to request credit immediately if a product is involved but not included with your delivery. After delivery, credits and returns are limited within the parameters established within this policy.

Benefits of our Product Return & Credit Policy

- Ensures product wholesomeness and quality
- Reduces product loss that ultimately impacts both Sysco and our Customer
- Speeds the processing of returns and refunds
- Assures product handling is compliant with HACCP, USDA, FDA, OSHA and HAZMAT requirements
- Reduces the risk that a tampered, damaged, or unwholesome product could be redistributed to another customer

At Time of Delivery

Most credits and returns should happen when you are receiving your delivery.

Your Sysco Delivery Associate will gladly help you verify the items delivered agree with your invoice.

You may choose to return any item for credit at the time of delivery unless the item is a Special Order, Auto-Ship or Standing Order. Your Delivery Associate will make an adjustment on your invoice to keep for your records.

Potentially hazardous food products/temperature controlled for safety (Refrigerated and Frozen) are only eligible for return at time of delivery. (See chart for listing of Potentially Hazardous Foods)

If a product is partially damaged, your Delivery Associate will make an immediate adjustment on your invoice.

Once order is approved (less any items returned) sign the invoice, indicating satisfaction with the delivery.

Should a return be requested after a delivery has been made...
